

Where will you go? To Weimar, Jena, the big city, which has a lot of good on both ends. (J.W. v. Goethe)

Professional methods in Social Work - an European Perspective?

7th International University Week
May 9th –13th 2005

University of Applied Sciences, School of Social Work, Jena (Germany)

The School of Social Work, University of Applied Sciences Jena, will be host of the 7th International University Week from May 09th - 13th, 2005 in Jena (Germany).

We friendly invite international students from all European countries as well as university teachers to participate within our international program. We especially call for participation of Universities within our Socrates network, however, would like to encourage individuals, students as well as lectures from other institutions and academies to participate.

The IUW 2005 will focus on "Methods in Social Work" and include workshops, field-related excursions as well as social activities and offers a chance to visit Jena, Weimar and Thuringia, the workplace and activity area of Schiller*, Goethe, Hegel, Nietzsche, and others of the "noble classic" as well as the cradle of "reform education" in Germany (Peter Petersen, Jena-Plan-School; Hermann Lietz, Country-Education-Home-School; Friedrich Fröbel kindergarten).

For further information see program details (pp. 2), abstracts and organizational notes.
